### PROFESSIONAL SUMMARY

I am a recent graduate with a Bachelor's degree in Information Technology. I have a strong understanding of core web technologies such as HTML, CSS, and JavaScript, and I know some basic in using Git and GitHub for version control. Throughout my academic journey, I developed a passion for creating responsive websites, and I've completed few projects that demonstrate my ability to turn design concepts into functional, interactive web experiences

---

### EDUCATION

#### **Bachelor of Information Technology**

Royal University of PhnomPenh

Graduated: 2024

---

### WORK EXPERIENCE

#### **labeler**

Digital Divide Data-Cambodia

July 2022- February 2025

- Analyzed and reviewed short video clips related to automotive vehicles to accurately identify and interpret specific events, actions, or conditions
